ZHONGSHAN WEIJIN ELECTRICAL APPLIANCE & BURNER CO., LTD.

Zhongshan Weijin Electrical Appliance & Burner Co., Ltd. was founded in 2000, who specializes in the production of electric oven, gas oven, gas burner, electric kettle, induction cooker and kitchen appliances. We are in ISO9001:2015, BSCI and CE certified enterprise.

We have 6 production lines under running, maximum 8 production lines are available. We have over 200 workers and modern factory covering 15,000m², and the annual production capacity is 1,000,000 sets. Our products are sold to Europe, America and Asia, 100+ countries, and all of them have been approved with CE/GS/LVD/CB/ETL/EMC/RoHS/REACH/ Food Contact.

Talent is our best property. Our R& General Manager has more than 20 years' working experience in this industry. Our R&D team has more than 10 people, and they are all from well-known companies in this field. We are very confident that we can offer our valued customers competitive products.

We are making great efforts to satisfy our customers. We are doing all our best to offer you the best price, best product and best quality. Welcome to your best choice!

Our history is a glorious growth history of down-to-earth hard work.

2015 Now
Invest in the construction of Wenjin Intelligent Home Appliances Industrial Park to expand production capacity, and the products are exported to more than 100 countries and regions, with a large annual sales of 1 million sets, and formed a global market, domestic and overseas markets, and mutual assistance complementary.

2012-2015
In the face of unprecedented international turmoil and economic recession challenges, we have continued to increase investment in research and development, and have launched a series of high-quality, unique, energy-saving, environmental and safety products, and the sales of products have increased year by year.

2010-2011
Through the market trend research, we developed private label, which have received the industry leading level in technology and quality, and quickly opened up the global market, making this category the company's dominant product.

2007-2010
Through the company's continuous technological innovation, new electric ovens which comply with CE-LVD/EMC/ROHS standards were developed, breaking through the market access barriers, and the EU market share has doubled for three consecutive years.

2003-2006
Established and cultivated a sales team and technical team joined the company, and the annual turnover doubled for two consecutive years.

2003-2004
Acquired an old oven factory and started producing electric oven(toaster oven).
